VA4LIFE
Whelp what more can I say than that it was a beautiful struggle. 4 long and excruciating years that ended as abruptly as it started…I would never replace them with anything in the world. Those experiences have transformed me into the person that stands before you , a product of my environment whether I like it or not. These crazy and incredible artist have helped make me who I want to be. To keep this short I must say much luv to my class of '08 and to all my VAs, the silent predators, keep doing you 'cause we rule the freaking world.

Graduations can be bittersweet,
Reminding us of all that's come and gone:
All our battles, whether lost or won,
Days of bliss, and days we would delete.
Underneath our pride there is the sense,
Almost like a wound, of something past,
The beauty of a time that cannot last,
In which we shared the joys of innocence.
Open vistas lie before our eyes;
Now is the time for hopes and for goodbyes.

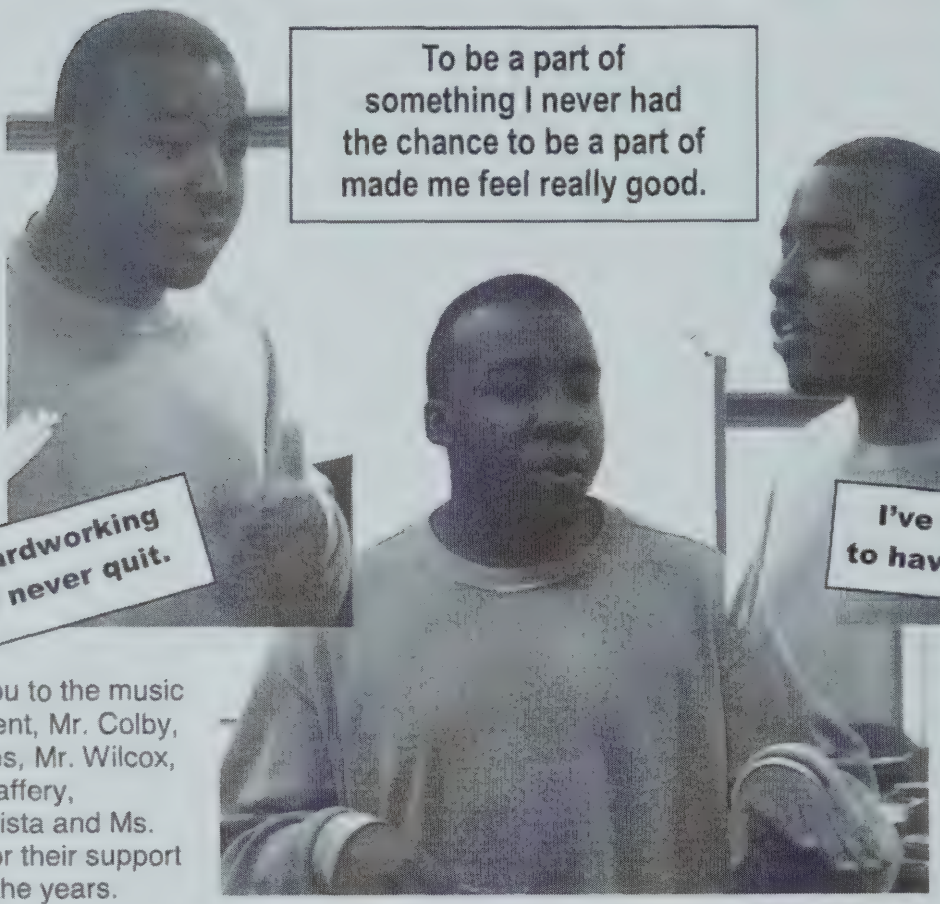
This place was exciting!

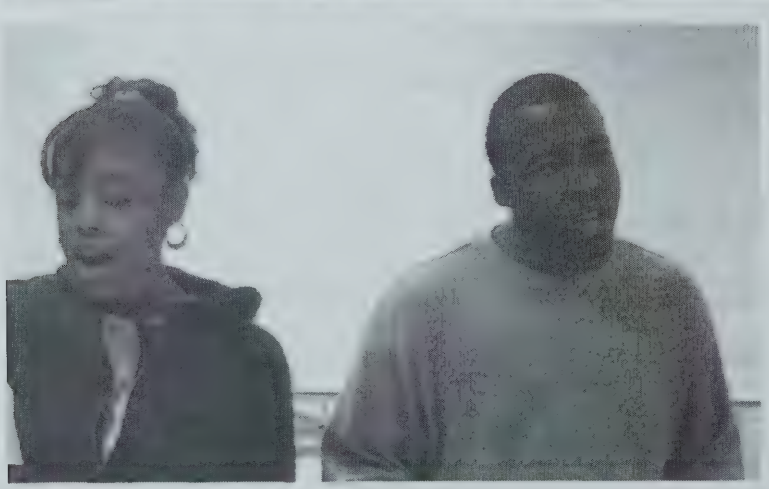


To be a part of something I never had the chance to be a part of made me feel really good.
I'm hardworking and I never quit.
I've always been one to have a lot of courage.

Thank you to the music department, Mr. Colby, Ms. Jones, Mr. Wilcox, Mr. McCaffery, Ms. Bautista and Ms. Mullen for their support through the years.

To my family– my grandmother and my grandfather. Thank you for the support and love you've given me from day one. I love you dearly.

Rashene McIntyre



I like to enjoy myself and my time with others. I also like to give a lot of support.

I'll always remember the fun we had in Rhythm & Voice jazz choir, especially our trip to New York City. Shout out to Tia, Genée, Chris, David, Asha and Danielle, and Kevin Duffy– the coolest white boy I ever met.

To Men of Valor– it was a beautiful experience sharing and doing music with the younger students. I hope that they learned a lot from me just like I learned a lot from them.

"I like nonsense, it wakes up the brain cells.
Fantasy is a necessary ingredient in living,
It's a way of looking at life through the wrong end of a telescope.
Which is what I do, And that enables you to laugh at life's realities." – Dr. Seuss

"How did it get so late so soon? Its night before its afternoon.
December is here before its June.
My goodness how the time has flewn.
How did it get so late so soon?" – Dr. Seuss

"You can get help from teachers,
but you are going to have to learn a lot by yourself,
sitting alone in a room." – Dr. Seuss

"And will you succeed?
Yes indeed, yes indeed!
Ninety-eight and three-quarters percent guaranteed!" – Dr. Seuss

Dreams that we make are only a few steps away
Carrying the burden of responsibility.
Entering a world of chaos and trials,
Life we have yet to endure.
High school sweethearts and,
Enemies. They come and go.
Letting socializing and drama get the best of you.
Be strong, live long, and carry on.
Make it all possible for you.
There will be a taste of failure,
You can spit it all out.
Mouth wash will get rid of that bad taste.
Now I say that the class of 2008
On the way to success; carrying on the legacy.
Carry on,
For no one can tell you that you are weak.
Carry on,
For we are intellectually deep.
Live long, Be strong.
Carry on.
